

Welcome Back to Apple Class!

WHAT'S ON

Spring 1
2024

Happy New Year! We hope you all had a wonderful Christmas break. Our new topic is 'India' which is a wonderful opportunity to explore music, shimmer, shine, colour and spices! We will have a new Sensory Story which will take us on a journey where we will be transported to India to explore the vibrant sights, sounds and smells of Indian culture and wildlife.

Lets learn about... **The Curiosity Programme!**

You may have seen in your young person's school timetable that we include 'Curiosity' as part of a post lunch afternoon session. The curiosity programme is a strategy used to help teach individuals to develop the skill of curiosity, form positive relationships with others, and learn to engage with a wider range of stimuli. The principles of intensive interaction are an important key, and as such, the interaction tends to be non-verbal. The short bursts of curiosity sessions are designed to work alongside our learners engagement profiles to develop their skills of realisation, exploration, anticipation, persistence and initiation.

The programme works by exploring stimuli the learner enjoys or is interested in, teachers work alongside the learner and engages with their interests. The stimuli is hidden within a box or container in order to force the learner to think and engage more deeply. The principle of the object being in a container (the curiosity box) is to support in the development of object permanence understanding and curiosity skills. The interaction lasts no more than 5-6 minutes, forcing the learner to pick up their processing time and attention skills each time the interaction takes place.

By working on this skill each day, we are able to cue in to our learner's engagement skills, communication skills and personal learning goals.

Parent Engagement sessions:

Parent Partnership W/B 15th January Half Term: Monday 12th- Friday 16th February.

Apple Class Team

Class Fund

Thank you to those who contribute £5 to our half termly class fund, this supports us in our Cooking/ Design and Technology and Sensory Exploration lessons. If you are able to contribute please do so through Parent Pay.

Swimming

Please ensure that your child has a swim kit in school on their swimming day or a spare kit that can be kept at school. Our swim day is Tuesday.

Outdoor Learning

We enjoy spending time learning outside. Please ensure ensure that your child is ready for all weathers!

Personal Learning Goals (PLGs)

At the start of each term you will receive your child's updated PLGs. Please check these and return a signed copy to their class teacher. This may be completed during EHCP Reviews or Parent Partnership Conversations.

For updates, information and useful contacts, please check our school website and Facebook pages.
