

Dear parents/carers,

As your young person grows and matures, it is vital to remind you that we deliver a relationship, sex and health education curriculum at Doubletrees designed to be appropriate for the cognitive, communicative, physical and emotional needs of our learners.

The curriculum is designed to support your young person in becoming as independent as possible in their areas of relationship building, health and wellbeing and living in the wider world. Therefore, all approaches to teaching and learning will be tailored to suit each individual learner and their own circumstances.

If you have any questions, queries or concerns regarding the RSHE curriculum, please don't hesitate to contact your class teacher in the first instance to discuss the curriculum offer in class.

Kind regards,

Leo Curtis
