

Student Council

Date - 4-2-25

Time - 3 pm

Agenda

Forest school, bird watch and charities.

In today's student council meeting Lisa talked to everyone about the work they have been doing for RSPB bird watch.

Students took home a bird watch tick list of birds you may see in your garden.

Students work with their families to fill in their lists and handed them in to school.

Lisa is going to record all their work and send it to the RSPB.

All students that took part got rewarded a certificate for all their hard work.

We then talked about the questions from the last meeting and everyone had lots of different ideas. Lisa is going to look at all their answers and let us know the results.

Then it was time to talk about what charities they wanted to support in school.

We would like the council to bring some ideas of how to raise some money from different charities.
