

CLEVERFOOD MAGAZINE HAS LANDED!

We've been cooking up something new!

We're thrilled to announce the launch of the Clever Food Hub Magazine, our new quarterly digital magazine, packed with everything you never knew you needed to know about school food, seasonal produce, behind-the-scenes magic, and why your child suddenly likes beetroot brownies.

It's now available on the CleverHub portal (www.cleverfoodhub.com) and ready to be flicked through by parents, schools, teachers, and anyone interested in all things food.

We wanted to pull everything together into one joyful, colourful place where you can dip in, learn something new, and come away inspired, or at least with a new use for that sad bag of asparagus in your fridge.

In this issue: What's in Season, Easy, Seasonal Recipes, Sustainable Corner, Food for Thought – Fun, thoughtful features on the future of school food. And so much more!
