# Doubletrees School Newsletter

## Head Teacher's welcome:

We have had another busy week at Doubletrees, and it was lovely to see a few parents at our Makaton coffee morning. We have had some lovely feedback and hope to see more parents on the 25th May for our second session. We welcomed the Go-Active team back on site this week who are supporting our learners with swimming and physical education. We are looking forward to our 'Your Child's Future' event which takes place on the 10th May. This is a fantastic opportunity for parents and carers to come in to the school setting and see what educational and

support services that are out there for our learners when it is time to move on. It's never too early to make plans, so please do pop in to see what support is out there.

Wishing you a fantastic bank holiday weekend, and see you all on Wednesday 3rd May.

Heidi Hoskin. Head Teacher.

## Key Diary Dates:

**Monday 1st May 2023**—Bank Holiday

**Tuesday 2nd May 2023**—School closure day in lieu of teacher training

**Monday 8th May 2023**— Bank holiday in lieu of the King's Coronation

**Monday 29th May 2023— Friday 2nd June 2023**— Half Term

## Child Protection Information

*If you are concerned about the welfare of a child at Doubletrees School please contact Guy Chappell or Heidi Hoskin (Designated Safeguarding Leads) on 01726 812757. Alternatively you could report your concern to Cornwall Central Referral Unit for Child Protection on 0300 123 1116.*

## *Achieve*

---

We have been learning about following a sequence when preparing our pancake orders. We have also been learning about safety in the kitchen and responding to hot temperatures with caution. One of our favourite parts of our Enterprise is delivering the pancakes to our happy customers and we can collect payments for our hard work, later manipulating coins in our till.

## *Belong*

---

In Maple class we have been focussing on doubling and halving in maths and where items belong.

The learners loved making their own Numicon butterflies and making sure the numbers were equal on each side.

## *Communicate*

---

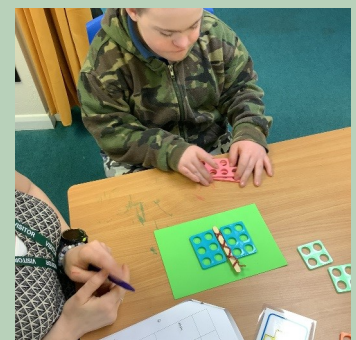

As part of our Communication, Language and Literacy sessions we have been introduced to a new story about the seaside. We had some amazing responses. Everyone attended and listened to the sounds and with support explored the sensory stimuli. Some of us made our own sounds with the props.

## *School Improvement*

---

We have been continuing to develop Personal Development within the school. Our Personal Development at Doubletrees document can now be found on our school website on the curriculum page, and gives details on how we cover all aspects of the personal development standards in the Ofsted handbook. We will be sending home details of our new Home, School and Community Passports very soon. The Passports will be an opportunity for you to share with us activities and opportunities your young person takes part in out of school.

Some of the activities listed within the passports can also be achieved within school and learners will have the opportunity to achieve bronze, silver and gold awards throughout the year.

## *Develop*

---

Cherry Class are learning all about weights and measure to help them develop and make lots of delicious recipes for our Coronation Picnic towards the end of the half term. Hopefully, the weather will be warmer by then!

In class we have been using the laptops to explore and learn. Here we are working on grams and kilos using our ANTON programme.

## *Enjoy*

---

This week in Apple Class we have been taking our learners swimming. Our learners enjoy being in the pool because they have free movement and can stretch independently as part of their physio targets.

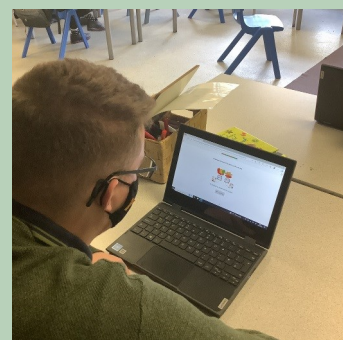

## Parental Engagement

On Wednesday 10th May, our Your Child's Future Event will be taking place in the main school hall 10:30—11:30.

We will be welcoming outside providers such as colleges, respite/short break care, transport, other care provisions as well as alternative further education providers, local projects, support groups and advice services.

Please do come along and see the support that is out there as it is never too early to be thinking about the future and there may be some support that is relevant right now.
